

Subject: COVID-19 information

Dear Madam, Dear Sir,

In the context of the Coronavirus epidemic (COVID-19), UPSCIENCE has implemented several preventive measures to protect its employees and partners and help limit the spread of the virus:

- ✓ Reinforcement of hygiene measures: multi-daily disinfection of places or accessories (sanitary, door handles, ...)
- ✓ Modification of shifts schedules to limit contact between people
- ✓ Employees have access and use of hydro-alcoholic gel in all production units and services
- ✓ Limitation of access to the laboratory and contacts between people :
 - For employees : when possible remote working is implemented, strong limitation of face-to-face meetings , quarantine for all employees who have traveled in risk areas or who have had close contact with a person who has traveled in risk areas
 - for suppliers: packages deposited outside the laboratory
 - for visitors: postponement of visits not strictly necessary

A Business Continuity Plan has been undertaken and the following measures implemented:

- ✓ a minimum stock of disinfectants, gloves, masks has been secured to ensure activity over the next 3 months
- ✓ guarantee of stocks of critical reagents and consumables for our analyzes and suppliers' continuity plans have been checked and will be monitored
- ✓ Set up of a crisis cell and monitoring of attendance on a daily basis

We would like to inform you that as of today, the COVID-19 situation has had no significant impact on the continuity of our activities.

Feel free to reach out to us for further information,

Best regards,

UPSCIENCE
